UNITED STATES PATENT OFFICE.

CHARLES A. CHASE, OF CHICAGO, ILLINOIS, ASSIGNOR TO THE GENERAL INCANDESCENT LAMP COMPANY, OF CLEVELAND, OHIO.

DESIGN FOR AN INCANDESCENT ELECTRIC LAMP.

SPECIFICATION forming part of Design No. 34,040, dated February 5, 1901.

Application filed January 11, 1901. Serial No. 42,930. Term of patent 14 years.

To all whom it may concern:

Be it known that I, CHARLES A. CHASE, a citizen of the United States, residing at Chicago, in the county of Cook and State of Illinois, have invented and produced a certain new and original Design for an Incandescent Electric Lamp, of which the following is a specification.

My invention relates to a new and original design for incandescent electric lamps, of which the following is a description, reference being had to the accompanying drawings, forming part thereof.

Figure 1 presents a side elevation of an incandescent electric lamp, showing my new design. Fig. 2 is a horizontal section therethrough.

As shown in the drawings, the leading or material features of my design consist of a bulb A, shaped as shown, with an annular projection B in the neck C and the terminal part of said neck D.

Having described my invention, what I claim as new, and desire to secure by Letters Patent, is—

The design for an incandescent lamp, substantially as shown and described.

CHARLES A. CHASE.
